General Information and datasheet (Solaray)

Serrapeptase		
Description:	<p>Solaray® Serrapeptase is intended to provide nutritive support for healthy sinuses. Solaray® Serrapeptase is a non-animal, proteolytic enzyme derived from a controlled fermentation of the bacterial strain Serratia spp. It is enteric coated, which helps the capsule survive the stomach acid and pass into the small intestine.</p> <p>Dr. Hans Nieper uses this for Chelation treatment in his patients and reported that it worked faster than EDTA in removing arterial plaque. Originally discovered in the silkworm intestine, after observing the silkworm ingest its own silk we have found Serrapeptase can assist in digesting blood clots, arterial plaque, non living tissue, and help reduce inflammation. May cause varicose veins to shrink or diminish if used consistently.</p> <p>As adults age, cardiovascular concerns arise or at least on ones mind. Our aging bodies begin to accumulate toxins and build up plaque on the arterial walls. This proteolytic enzyme has been studied to help reduce (fibrin) fibrous buildup in ones arteries. Serrapeptase may even help support the lymphatic system boosting the elimination processes and the immune system. One can not go wrong with this supplement.</p>	
Item#:	12719	
Size:	90ct	
Directions:	Take one vegetarian capsule up to three times daily on an empty stomach.	
Serving Size:	1 Capsule 90 Servings per container	
Ingredients:	Amount per serving:	% Daily Value: +
Serrapeptase (2,000 units/mg)	10 mg	~

Key to Ingredients:	~ = Daily Value not established. + = Percent Daily Value is based on a 2,000 calorie diet. ? = Values differ depending on age ? = Values differ depending on age
Other Ingredients:	Rice Flour, Vegetable Cellulose Capsule, Cellulose, Glycerol Triacetate, Maltodextrin, Magnesium Stearate and Silica.
Other:	See product label for more information.

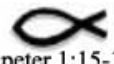

DataSheet:

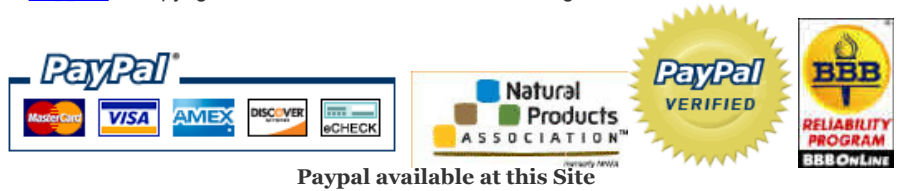

Serrapeptase digests non-living tissue, blood clots, cysts, and arterial plaque and inflammation in all forms. It is made by specific bacteria found in the gut of silkworms and these bacteria "digest" their cocoons. Serrapeptase reduced the viscosity of the mucus, improving the elimination of broncho pulmonary secretions. It may even help support the lymphatic system boosting the elimination processes and the immune system. Serrapeptase is a naturally occurring proteolytic enzyme essential to anybody interested in sinus and cardiovascular health.

The Serrapeptase Sale Price: \$11.17 - Vitamins or Herbs Should be taken as directed on the bottle.
