#### **SPECTRAL DNC**

Spectral DNC® is the world's most effective topical hair loss treatment.

- Clinically proven to work faster than Rogaine®
- Works on the entire scalp, including frontal baldness
- Grows normally strong & healthy hair
- Combines the finest, research grade ingredients, including Aminexil®

New hope to those who suffer from baldness and hair loss

Spectral DNC® is a new medication that incorporates Aminexil® a new, breakthrough compound which is the only other molecule aside from Minoxidil that is clinically proven to re-grow hair. Other active ingredients include research grade Minoxidil 5%, Retinol, copper peptides, and a vitamin and mineral complex. The active ingredients are delivered in a technologically advanced vehicle, in tiny micro-spheres called nanosomes.

A major advantage of Spectral DNC® is that the active ingredients are encapsulated in nanosomes. Nanosomes are micro-spheres that are 200 times smaller than human cells and penetrate into the deepest layers of the skin and release the active ingredients gradually over a 15 hour period. This technology dramatically boosts the effectiveness of the active ingredients since they are absorbed much deeper in the skin. Spectral DNC® is faster and more effective than Rogaine® and Spectral DNC® works both on the vertex of the head and the frontal hair line. Spectral DNC® gives the best chance of growing normally thick and healthy hair and works

on people who previously did not respond to Rogaine® treatment.

**Key ingredients:**

- Minoxidil 5% (meets EP and USP specifications)
- Aminexil SP94
- Retinol
- Nanosomes
- Copper Peptides
- Vitamin & Mineral Complex

**Directions:**

For external use only.

Use twice per day. Apply 10 sprays of Spectral DNC® and rub it into your scalp. Be sure to wash your hands with soap and water after applying Spectral DNC®. If your hair loss is due to male pattern baldness, the continued use will be necessary to maintain the new hair growth. If the cause of hair loss is related to other factors then it is possible to completely discontinue the use of Spectral DNC® and retain the newly grown hair.

**IMPORTANT SAFETY INFORMATION:**

Spectral DNC contains strong vasodilator compounds increasing the absorption of Minoxidil and some people may experience a higher sensitivity to Minoxidil side effects. You should not use Spectral DNC if you have low blood pressure or are taking blood pressure lowering medications. People with heart failure or significant coronary heart disease should avoid Spectral DNC® because of these side effects.

The most common side effects are redness and irritation of the scalp.

Pregnancy: Spectral DNC® should not be used in pregnancy and by nursing women.

IF YOU EXPERIENCE RAPID HEART BEAT, DIZZINESS OR SHORTNESS OF BREATH DISCONTINUE THE USE OF Spectral DNC® AND SEEK MEDICAL ATTENTION IMMEDIATELY.
