General Information and datasheet (Solaray)

Boswellia Resin Extract

Description:	65% boswellic acids, in some studies have shown to help relieve pain and inflammation in the body. The Benefits Of Boswellia Boswellia, also known as frankincense from the bible, is a powerful anti-inflammatory herb. This ayurvedic herb was used traditionally for inflammation disorders, pain and skin diseases. Researchers discovered boswellic acid in Boswellia, which makes the herb work so well. This boswellic acid inhibits the enzyme 5-lipoxygenase which causes chronic colitis to flair up. Also, no adverse side effects have been reported for Boswellia. This herb has no known negative interactions with drugs, nutrients, or herbs.
