Magnesium and Potassium Asporotates™ with Bromelain

Description:	Magnesium and Potassium Asporotates™ with Bromelain dietary supplement. A highly advanced mineral supplement in a special herb base. This highly advanced formula consists of magnesium and potassium which have been combined with aspartic acid, citric acid, and a special delactosed whey protein concentrate containing naturally occurring orotic acid. Each capsule contains magnesium and potassium which have interacted with the other natural compound producing a natural chelation process resulting in the formation of a special complex containing Magnesium- Potassium Asparate, Magnesium- Potassium Citrate, and Magnesium-Potassium Orotate. Contains none of the yeast or soy commonly found in full range amino acid chelates.
