General Information and datasheet (Solaray)

Magnesium Asporotate™			
Description:	Magnesium plays an important role in the human body working synergistically with calcium. Solaray® Magnesium Asporotate™ consists of three different forms of Magnesium: Magnesium Aspartate, Magnesium Citrate and Magnesium Orotate. Aspartic Acid, Citric Acid, and Orotic Acid have been combined for a natural chelation process. Our superior formula derives its Orotic Acid from a special delactosed whey protein concentrate. This product contains none of the yeast or soy commonly found in full range amino acid chelates.		
Item#:	4620		
Size:	60ct 200mg		
Directions:	As a dietary supplement, take 2 capsules daily with meals or a glass of water.
