<b>Description:</b>	Imagine...a planet where the soil is fertile, the air and water are clean, all are fed and the many human cultures celebrate their diversity, treating each other and all living things with mutual respect. In this compassionate world, Nature is treated as a community of interconnected Life. VegLife® is committed to helping create this "Peaceful Planet" by providing premium quality supplements free of animal by-products. Peaceful Planet Soy Protein contains 25 grams of soy protein, 75 mg of soy isoflavones and only 1 gram of fat per serving. Diets low in saturated fat and cholesterol that include 25 grams of soy protein a day may reduce the risk of heart disease. Peaceful Planet is made from certified non-genetically modified soybean seed (no DNA from any other species). Supro® soy protein isolate has the highest Protein Digestibility Corrected Amino Acid Score (PDCAAS), indicating the most nutritious balance of amino acids obtainable. The soy protein is extracted with water (not alcohol), resulting in the optimal retention of the naturally occurring isoflavones genistein, daidzein and glycitein.
