General Information and datasheet (Action Labs)

Description: As we age, our levels of growth hormone decline, which may lead to a decrease in lean body mass, an increase in fat tissue, decreased bone density, decreased libido and slowed exercise recovery time. Rejuvatrol™ dietary supplement contains Stimutropin™ complex, a proprietary blend of amino acids, herbs and other natural factors that are intended to provide nutritive support for normal, healthy exercise recovery and sexual function.

Product #: 77210

Size: 90ct

Directions: Take three tablets daily with a meal or glass of water.

Serving Size: 3 ct 30 Servings per container

Caution Statements: Do not use if you are operating machinery or a vehicle or if you are otherwise engaged in an activity in which you need to stay alert. Individuals with autoimmune conditions, diabetes or other endocrine disorders, depressive disorders, prostate conditions, illness or those who are pregnant, lactating or using medications should consult their physician prior to use. This product is for adults and should not be used by children or teenagers. Younger adults should seek the advice of their physician prior to using this product on a continuous basis.
