General Information and datasheet (NaturalMax)

Super CARB-X™ Chewables		
Description:	Super Carb-X™ Chewables feature 400 mg wheat inhibitor extract, along with 400 mg white kidney bean extract, per two chewables. Both extracts have been studied for their potential ability to support the inhibition of amylase, the enzyme created by the body to break down sugars and carbohydrates. Amylase inhibitors bind and inactivate this enzyme so carbohydrates and sugars pass through without breaking down. Super Carb-X™ formula is a new revolutionary aid to dieting. When combined with the NaturalMax® Diet Plan, it can help decrease calories from carbohydrates.	
Item#:	80457	
Size:	30ct	
Directions:	As a dietary supplement, take 2 chewables 30 minutes before or during a meal. May be taken up to three times daily. Store in a cool, dry place.
