Brevail® Proactive breast health

Brevail is all-natural and non-prescription, intended for healthy women concerned with breast health and interested in hormonal harmony. Brevail is the first product ever to address breast health proactively, designed for the preservation of healthy breast tissue.

Brevail delivers a clinically determined dosage of natural plant lignans, highly researched for breast and hormonal health. Please see the [Brevail Website](#) for additional information.

At Last, Some Good News Concerning Breast Health

Brevail is for women interested in optimal breast health.

Many women are concerned with the important issue of breast health. There is now reason for optimism.

Brevail is the first natural product to proactively address the maintenance of orderly cellular division in the preservation of healthy breast tissue.*

Research suggests that our bodies use natural plant lignans, now sparse in the diet. to buffer and balance potentially adverse effects of estrogens.*

Brevail was researched and developed to increase lignan concentrations in the body to match levels found in women who collectively demonstrate an extraordinary history of breast health.*

Brevail is one-of-a-kind natural plant extract supported by university research for safety and efficacy in women.*

Suggested Use:

One capsule per day taken with juice or water, with or without meals.

Not recommended for pregnant, lactating, those attempting to conceive or adolescent females. To learn more about Proactive Breast Health visit www.brevail.com
