Front label panel:

SINCE 1970
HERBATINT
NEW flash
fashion
PERMANENT HERBAL HAIRCOLOR GEL with ALOE VERA
NO
RESORCINOL
NO AMMONIA
COVERS GREY HAIR
for ONE or TWO
APPLICATIONS
FF 3 PLUM

Instructions:

Please read
directions carefully before applying.
Your hair must be dry
and unwashed
1) Using a plastic or a glass container, combine

equal and sufficient amount of
HERBATINT gel and the Glycol
Developer to suit the length and volume of your
hair. Replace
the caps on the bottles containing unused products, and retain
for
future use. For long hair, use whole amount. For short to
medium hair this box
may provide two applications.

2) Using
a brush, apply the mixture onto dry unwashed hair.

1st CASE:

PREVIOUSLY COLORED HAIR

3) Apply the mixture through the whole
length of the hair starting at the roots.

For best coverage
use a tinting brush as supplied in a Herbavita Tinting Kit.
Discard any unused mixture.

4) Leave to process for 40
minutes.

During processing, the color of the product may
differ from your target color,
this is quite common and
doesn't have any effect on the final color.

5) Once processed
rinse hair thoroughly until the water runs clear.

6) Shampoo
your hair, using preferably a shampoo from the Herbavita range
for
best results, rinse and towel dry.

7) Apply the Royal
Cream Conditioner, leave for 5 minutes, rinse again and style
your hair as usual.

Ingredients:

THIS PACKAGE
CONTAINS:

1 bottle HERBATINT
haircolor gel flash fashion
60ml 2 fl.oz
