Description

Additional Support

ReVivex(tm) Extra Strength

with Celadrin(r) can provide additional support that you're not getting from your current product. Published clinical test results show that people who were already using other solutions to maintain joint health gained additional benefits after taking Celadrin.

Compare to Glucosamine

It's true! With ReVivex

most people start to feel results in 30 days or less.

Glucosamine is good, but if you want faster support, choose ReVivex.

Works on Tissues and Muscles Too!

ReVivex works

on muscles and tissues, unlike products made with glucosamine, chondroitin, MSM, or SAME, whose impact is primarily on joints.

Directions

Take 2 tablets once daily with water.

For Best

Results: "Loading" is recommended during the first 7 days by taking double the recommended serving (4 tablets). Once you

begin to see results, cut back to the normal serving of 1,500 mg and continue taking 2 tablets daily. (Do not take more than 4 tablets daily).

Ingredients

Celadrin 1.5 g (1,500 mg)

Other ingredients: Dicalcium Phosphate, Gelatin, Microcrystalline Cellulose, Dextrose, Crospovidone, Sodium Carboxymethylcellulose, Maltodextrin, Soy Lecithin, Sodium Citrate, Magnesium Stearate.

Celadrin is a proprietary blend of cetylated fatty acids carbons: Myristate, Myristoleate, Oleate, Palmitoleate, Palmitate; corn starch, silicon dioxide.
