Cartilade[®] Shark Cartilage

740 mg Capsules and Caplets * Powder

Shark cartilage has long been valued by traditional herbalists in China, where it has been consumed for centuries as shark fin soup. Shark cartilage contains mucopolysaccharides, a family of complex carbohydrates including the now well-known chondroitin sulfate. It is an excellent source of calcium and phosphorus.

Supplement Facts for capsules

Serving Size: 6 capsules

	Amount	%DV
Phosphorus	400 mg	0.4
