General Information and datasheet (SOURCE NATURALS)

Bilberry Extract

37% Anthocyanosides * 50 mg and 100 mg

Source Naturals Bilberry Extract (*Vaccinium myrtillus*), also referred to as blueberry, is a potent standardized extract that contains 37% anthocyanosides, a bioflavonoidlike substance that is the active constituent. In vitro studies have demonstrated that anthocyanosides have significant antioxidant activity. Bilberry has been a staple of European herbal therapy for hundreds of years and has become one of the most widely used herbs in the United States for supporting normal vision.

Supplement Facts for 50 mg

Serving Size: 2 tablets

	Amount	%DV
Bilberry Fruit Standardized Extract (<i>Vaccinium myrtillus</i>) Yielding 37 mg anthocyanosides	100 mg	†
