General Information and datasheet (SOURCE NATURALS)

Glutathione Complex 50mg 45 Tabs from Source Naturals
Reduced

Glutathione Sublingual Complex contains glutathione (GSH), a naturally-occurring, biologically active, sulfur-containing tripeptide, composed of the amino acids L-cysteine, L-glutamic acid, and glycine. Glutathione is a potent antioxidant capable of inactivating hydroxyl free radicals and singlet oxygen. Glutathione is also the precursor for glutathione peroxidase, a major free radical-scavenging enzyme. Recent scientific research indicates that molybdenum may provide necessary nutritional support for chemically sensitive individuals. Coenzymated(TM) vitamin B-2 (riboflavin) is the precursor for FAD, a coenzyme that recycles used GSH. In sublingual form, these ingredients go directly into your bloodstream, bypassing digestion. The sublingual delivery system may improve bioactivity.

Other

Ingredients:

sorbitol, mannitol, natural orange flavor, and magnesium stearate.

Suggested Use:

1 to 3 tablets
daily.

Warning:

If you are pregnant or breastfeeding,
consult your health care professional before using this
product.
