General Information and datasheet (SOURCE NATURALS)

IP-6

Inositol Hexaphosphate 800 mg * Supports Breast, Colon & Prostate Cells

IP-6 (inositol hexaphosphate) is a component of certain dietary fibers, particularly most cereal grains, legumes, and seeds high in oil. Many researchers believe some of fiber's health benefits may be due to the antioxidant, immune-enhancing, and cardiovascular-supporting activities of IP-6. In-vitro and animal research has shown IP-6 to have significant protective and growth-regulating effects on certain cells and tissues, including those of the colon, breast, and prostate. Source Naturals IP-6 is free of other active ingredients. Only IP-6 in this form has consistently demonstrated positive research results.

Supplement Facts for powder

Serving Size: 1.5 teaspoon

	Amount	%DV
Calcium (as calcium inositol hexaphosphate)	777 mg	0.8
Magnesium (as magnesium inositol hexaphosphate)	185 mg	0.45
IP-6 (as calcium and magnesium inositol hexaphosphate)	2.5 g	†

Other Ingredients:

Warning: Take on an empty stomach if you are anemic. If you are pregnant or breastfeeding, or taking blood-thinning medications, consult your health care professional before using this product.

Suggested Use: Mix one and a half teaspoons with water daily. For systemic support, take on an empty stomach. For direct colon support, take just prior to or with meals.

SUITABLE FOR VEGETARIANS AND HYPOALLERGENIC: contains no yeast, dairy, egg, gluten, corn, soy, or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.
