General Information and datasheet (SOURCE NATURALS)

DIM

DIM is an indole phytochemical that is a natural metabolite of compounds found in cruciferous vegetables such as broccoli, Brussels sprouts and cabbage. In animal and in-vitro studies, DIM has been shown to lead to the preferential formation of estrogen metabolites that are correlated with healthy breast, endometrial, and cervical tissues. This unique property sets DIM apart from other plant nutrients which can help estrogen balance in the body. Source Naturals DIM is combined with phosphatidyl choline, vitamin E and Bioperine®. Balance Estrogen And Other Hormones With DIM.

Supplement Facts table with columns for Amount and %DV. Includes Vitamin E (50 IU, 170%), Calcium (53 mg, †), Diindolylmethane (DIM) (100 mg, †), Phosphatidyl Choline (50 mg, †), and Pepper Fruit Extract (Bioperine®) (3 mg).

Other Ingredients: dibasic calcium phosphate, stearic acid, modified cellulose gum, magnesium stearate, and colloidal silicon dioxide.

Warning: Do not take this product if you are pregnant or breastfeeding, or are taking immunosuppressive therapies.

Suggested Use: 1-4 tablets per day with meals.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, corn, or wheat. Contains no starch, salt, preservatives, or artificial flavor or fragrance. Balance Estrogen Naturally with DIM.

SN1520 30 tabs • SN1521 60 tabs • SN1567 120 tabs
