### Hyaluronic Acid from Bio-Cell Collagen II™

#### Promotes Healthy Joints

This product is a major component of joint tissue. It helps to hold lubricating moisture in joints and cartilage, which affects their resilience, elasticity, and strength. This product is from patented BioCell Collagen II™ has undergone an absorption enhancing hydrolyzation process that yields low molecular weight for this product, chondroitin sulfate, and Collagen Type II peptides. These elements make it a multifaceted ingredient, which may help support joint function and the appearance of healthy skin.

#### Supplement Facts for 50 mg
