General Information and datasheet (Source Naturals)

Cholesterol Rescue™

Supports Cholesterol Wellness

Cholesterol Rescue™, part of the Cholesterol Rescue™ family of products, is a scientifically formulated, all-natural blend of three key ingredients that work to promote cholesterol wellness and may reduce your risk of heart disease. It contains plant sterols, which inhibit excess dietary cholesterol absorption. Research suggests that daily consumption of 800 mg of plant sterols, taken with food in two divided doses as part of a diet low in saturated fat and cholesterol, may reduce the risk of coronary heart disease. Combined with the patented Sytrinol™ ingredients-polymethoxylated flavones, which balance your body's cholesterol production, and tocotrienols that protect the cholesterol in your arteries from free radical damage, Cholesterol Rescue may support your healthy heart.

Supplement Facts for Tablets

Serving Size: 1 Tablet

	Amount	%DV
Phytosterol Complex Yielding 400 mg total sterols	454 mg	+
Sytrinol™ (proprietary blend of citrus polymethoxylated flavones and palm tocotrienols)	150 mg	+
Daily Value not established.		0

Other Ingredients: microcrystalline cellulose, stearic acid, modified cellulose gum, colloidal silicon dioxide, and magnesium stearate.

Warning: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.
