## [General Information and datasheet \(Source Naturals\)](#)

### Green Coffee Extract

#### Powerful Natural Antioxidant

Source Naturals GREEN COFFEE EXTRACT (GCA™) is a powerful antioxidant that helps protect against oxidative stress caused by free radicals - a major cause of accelerated aging. Derived from raw, unroasted coffee beans and naturally low in caffeine, green coffee extract has been shown in research to support normal cellular regeneration and growth. Green coffee extract is high in chlorogenic and caffeic acid, two primary compounds responsible for the activity of green coffee.

#### Supplement Facts for 500 mg

Serving Size: 1 Tablet

	Amount	%DV
Calcium	69 mg	6
Green Coffee Bean Extract (GCA™)	500 mg	†
Daily Value not established.		0

**Other Ingredients:** dibasic calcium phosphate, sorbitol, stearic acid, modified cellulose gum, colloidal silicon dioxide, and magnesium stearate.

**Warning:** If you are pregnant or breastfeeding, consult your health care professional before using this product.

**Suggested Use:** 1 tablet 1 to 4 times daily, or as recommended by your health care professional. Each tablet provides the amount of polyphenols and chlorogenic acid found in an average cup of coffee. Best if not taken in combination with milk or milk containing products - milk proteins may inhibit absorption of polyphenols, some of the active components in coffee and tea. If stomach discomfort occurs, take with food.

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.

**DataSheet:**

**The Green Coffee Extract Sale Price: \$15.29 - Vitamins or Herbs Should be taken as directed on the bottle.**
