General Information and datasheet (SOURCE NATURALS)

Gac Fruit Oil

Antioxidant-Rich Skin Protector

Gac fruit is indigenous to Southeast Asia and highly valued for its ability to deliver antioxidant support for healthy cellular function, cardiovascular health, skin protection and the body's immune system. Source Naturals GAC FRUIT OIL is rich in natural forms of carotenoids including lycopene, alpha and beta carotene. The lycopene content of gac is higher than any other conventional food source including tomatoes. This is great news for men because lycopene provides support for men's urinary, prostate and reproductive health.
