General Information and datasheet (TWINLAB)

Twinlab Brewer's Yeast, Nutritional Yeast, Super Rich Yeast Plus, and B-Complex Liquid Enzymatic Digested Yeast powders and liquids supply a natural source of amino acids, B-Complex vitamins, and minerals. The Brewer's Yeast is natural, organic, grain grown and unfortified. The Primary Grown Nutritional Yeast Formula is the best tasting yeast available. Super Rich Yeast Plus contains potent vitamins and minerals, digestive enzymes and added calcium and magnesium with high levels of selenium and GTF Chromium. B-Complex Liquid Enzymatic Digested Yeast is a rich supply of B-Vitamins and natural enzymatic digested brewer's and primary yeast in liquid form for more efficient digestion, absorption, assimilation and utilization.

INGREDIENTS: Filtered Water, Enzymatic Digested Low
Sodium Yeast, Malt
Extract, Molasses, Brewer's Yeast, Citric
Acid, Cherry Flavor, Methylpara-
ben, Sodium Benzoate, Caramel,
Niacinamide, Dexpanthenol, Propylparaben,
Sorbic Acid, Vitamin
B6, Thiamin Hydrochloride, RIBOFLAVIN 5'-Phosphate
Sodium,
Folic Acid, Biotin, Vitamin B12.

***The L-Tryptophan in the
product is naturally present in the protein.
It is not added or
manufactured.

The amino acids quantities may vary from lot to
lot due to the source of
the amino acids being
natural.

*Essential Amino Acids.

The yeast in this product is
100% natural.

Therefore, color of product may vary.

Supplemental Facts:

Description: Natural Enzymatic Digested
Yeast is a highly concentrated
protein source produced from the
action of natural enzymes on pure living
yeast cells. It
contains all the essential amino acids as well as min-

and B-complex vitamins. Since the yeast is enzymatically digested, the nutrients are more readily available to the body than nutrients from other yeasts. Due to yeast's naturally high phosphorus content, crude mineral rich blackstrap molasses is added to enhance the naturally occurring calcium and magnesium, as well as the minerals potassium and iron. Best if used by date shown on bottle.
